About Libby Bowerman, CEO

Meeting with the Roland Park community

As we approach the upcoming meeting of the Roland Park Civic League, scheduled for Tuesday, October 14 at 7 p.m. at the Roland Park Elementary/Middle School, Keswick leadership and our team of project consultants welcome this opportunity to unveil our plans and share our ideas for our proposed Continuing Care Retirement Community (CCRC).

I believe that in the early stages of this development process we can come together and create a project that will benefit Baltimore City seniors and the surrounding neighborhood.

Keswick mailed an announcement in advance of this meeting to a list of Roland Park residents in the 21210 zip code. This small brochure presented a brief summary of project facts, included architectural renderings and a site map, and encouraged each recipient's attendance.

Now, I also encourage you to attend this meeting to see and hear first-hand just how careful and diligent Keswick has been in assessing the needs of our senior community. This proposal, while innovative, also minimizes the development footprint and maximizes the retention of green space. The residential scale and architectural character also emulate those of Roland Park.

I look forward to hearing community feedback so we can address concerns, answer questions and consider suggestions that may further enhance the value of our proposed CCRC.

I hope to see you on the 14th!

Respectfully yours,
Libby Bowerman
