

On July 2, 2008 the Roland Park Civic League approved the following resolution:

Be it resolved:

- 1) That the Roland Park Civic League opposes the sale or lease of the Baltimore Country Club property, or any portion thereof, for use that is inconsistent with the R-1 Residential use currently permitted, including the proposed sale to Keswick Multi-Care.
- 2) That the Roland Park Civic League will continue to advocate for maintaining and increasing the amount of green space throughout Roland Park.

The League also voted to allocate funds for professional assistance and advocacy efforts in support of the above position.
