Dear Phil,

As you are aware, the Mayor's letter of November 24, 2008 states that she does not support Keswick's project as currently proposed. She asked that we take another look at the scope and size of the project and meet with the Roland Park Civic League to share this new concept. As we work with the designers on the concepts, it would be very helpful if the Civic League Land Use Committee and Roland Park neighborhood would send us some recommendations in writing. Since Keswick wants to be responsive to neighborhood concerns, your input is very important as we evolve the plan.

There has been a lot of time spent on this project on both sides of the issue. I think scheduling a meeting with the Civic League (Land Use Committee or even smaller group) in early February, 2009 would be helpful. Would you please send me some dates that might work for your group? Keswick will present revisions to our project at that meeting.

As we approach the end of 2008 and look forward to the beginning of a New Year, I hope that all is well with you and your family. If you are traveling over the holidays, please be safe.

Best regards,

Elizabeth Bowerman, CEO
